

BLUEGAME 74

The Bluegame 74 is known for its innovative and versatile designs. It is the flagship model in the Bluegame range, offering a perfect balance between performance, comfort, and design.

The interior is designed with luxury and comfort in mind. It features high-end materials, custom finishes, and plenty of natural light thanks to the large windows surrounding the living spaces.

The yacht's open-plan interior creates a seamless flow between the living room, dining area, and galley. This spacious design maximizes the feeling of openness and offers plenty of room for entertaining guests.

The BG74 typically features a 3- to 4-cabin layout, including a full-beam master suite, a VIP cabin, and additional guest cabins. The cabins are spacious and equipped with en-suite bathrooms, offering top-tier comfort for overnight guests.

The yacht is often equipped with stabilizers, which improve comfort while at anchor or underway, minimizing roll and enhancing passenger comfort.

BG 74 is a standout in the luxury yacht market, blending style, performance, and versatility in a way that makes it ideal for both experienced yacht owners and those looking to upgrade to a larger, more sophisticated vessel. Its robust performance, luxurious interior, and thoughtful design make it an excellent choice for those seeking a yacht that can cater to both adventure and relaxation.
